Declaration of Consent for the Inclusion of a Measure in ZPID's Test Archive

I would like to submit the following test/measure (please specify title)

.....,

to which I own the copyright

solely

with the following person(s) (Please provide all names; a signed consent form is required from all persons involved.)

.....

.....

and have not transferred the copyright to a third party (e.g., a commercial publisher). The measure will be available free of charge for research and practice-oriented application.

I, therefore, grant ZPID permission, until further notice, to store the submitted version of the measure and all related test documents in PDF or DOC file format in the Test Archive and in PsychArchives¹. The upload and publication of the test includes storage and display of the items, a description of questionnaire content and construction, scoring guidelines, and, if applicable, standard values.

¹ I agree to the [terms and conditions](#) of PsychArchives.

Furthermore, I agree that my contact information (address, e-mail, ORCID, URL of your profile page) may be published in the Test Archive and in the PSYNDEX Tests database segment:

- yes
- no

Users of the measure require the contact details in order to be able to give me feedback concerning the measure's application and the obtained results. Furthermore, I can exercise my right to object at any time without giving reasons and my right to amend or completely revoke the given declaration of consent with immediate effect.

I agree to release the aforementioned measure to the public under the terms of the [Creative Commons License CC BY-SA 4.0](#). This license allows third parties to copy, distribute, and publish as well as modify and edit the measure under the following conditions:

1. The name of the original author, the title of the measure and the license must be mentioned. Corresponding links must be given.
2. The measure may be modified, edited, or otherwise altered.
 - a. If changes are made, a corresponding note must be given.
 - b. The modified measure may only be used and distributed under the same license.
 - c. The link to the license must always be indicated on the measure.

All other rights to the items are retained by me or the other copyright holders. This, in particular, concerns the right to publish the items elsewhere, to store them, to change them, to refine them, or to incorporate them into future instruments. I agree to inform ZPID about changes in the respective measure in order to keep the test archive up to date.
